

(4)—October 6, 2004 Horn Point Laboratories in Cambridge. ([www.hpl.umces.edu](http://www.hpl.umces.edu) for a great map). The conference room is in the Aquaculture Restoration & Ecology Laboratory. Conference room is on the first floor. Please do not block the truck entrance to the building. There is parking at the side and in the back.

**FROM BALTIMORE**—From the Baltimore (Maryland) Beltway, I-695, take I-97 south to Rt. 50/301 east to the Chesapeake Bay Bridge. Once on the Eastern Shore, stay on Rt. 50 to Cambridge, MD, crossing the Choptank River on the Frederick Malkus Bridge. Follow the directions below after crossing the bridge.

**FROM WASHINGTON DC**—Take RT 50 east from the Washington DC Beltway I-95/495, to Cambridge, MD on Maryland's Eastern Shore, crossing the Choptank River on the Frederick Malkus Bridge. After the bridge, go to 3rd stop light and turn right. Go one block and turn right again onto Washington St. (Rt. 343). Stay on this road for about 3.5 miles. Look for the UMCES sign on the right side of the road. Bear right on Horn Point Rd. Continue for about 1.5 miles. Statues of sheep flank the entrance to the lab. The laboratory building is the last building on the left just before the circular drive.

Providing a safe and healthy school environment for all of Maryland's children is a fundamental goal of the Maryland State Department of Education (MSDE). To that end MSDE has advised the U.S. Environmental Protection Agency (EPA) Region III, and the Maryland Department of the Environment (MDE) on the development of a workbook on *Environmental Compliance for Schools*. This workbook provides descriptions, management practices, and federal regulations for many different environmental concerns in a single document. It is designed as a reference for use by school-based and central office staff.

The workshops (same workshop at each site), begin with registration from 8-8:30. We will start promptly at 8:30. Many of you wanted information on mold, in particular, so we are fortunate to have an expert from the Mid Atlantic Environmental Hygiene Resource Center, John Tiffany, at the workshops. Mardel Knight from MDE will speak about the AHERA requirements.

If you have any questions about directions, etc. please contact Mardel Knight at 410-537-3200 or 800-633-6101, ext. 3200. There is information at the MDE website: [www.mde.state.md.us/asbestos](http://www.mde.state.md.us/asbestos) and go Compliance Workshops on the right hand side of the page. Email: [mknight@mde.state.md.us](mailto:mknight@mde.state.md.us).
